Bouvard Coast Care Group Newsletter

The Bench Team

Eight members of the Bouvard Coast Care Group turned out on a warm Monday evening for the installation of the new bench.

With plenty of help and 'advice' offered from both passers by and members, we were able to successfully install the set just before the sun set then settle down to toast our achievement with a glass of wine or two and some nibbles.

Hopefully, this will be the first of many such events so if you or your business would like to sponsor us for another bench, please give us a call.

See Page 2 for the photos ...

A brand new picnic bench on Melros Beach for all to share.

Coast Care in Action

Thanks to a grant from Alcoa and installation of a concrete base by Mandurah Shire Council (who very kindly, covered the cost of the slab), the Bouvard Coast Care Group have installed a new picnic bench on the coastal path by Melros Beach.

Sited to make the most of the spectacular views from the path and designed for easy wheelchair access, the bench, made in Perth by council approved street outfitters Exteria, will provide a great picnic spot for all the family.

If you'd like to sponsor the next new bench or would like to take part in Bouvard Coast Care activities, drop us an email and we'll keep you up to date.

Please email this Newsletter to your family & friends, we'd love to have them join us for our next event.

what3words is a unique combination of just 3 words that identifies a 3mx3m square, anywhere on the planet. It's far more accurate than a postal address and it's much easier to remember, use and share than a set of coordinates.

We'll be using this to make it easier for you to find future group locations, find out more at what3words.com.
