

Tims Thicket - An Inconvenient Truth

Did you know that the City of Mandurah are about to create a sewage water spray field over land filled with contaminated waste?

Did you also know this site is just above the aquifer that supplies your local scheme water and bore?

This has been the quietest public consultation we've ever seen but **we intend to change that.**

Find out the facts, view our submissions and have your say!

Visit www.bouvardcoastcare.org.au/tims and help us stop this before its too late!

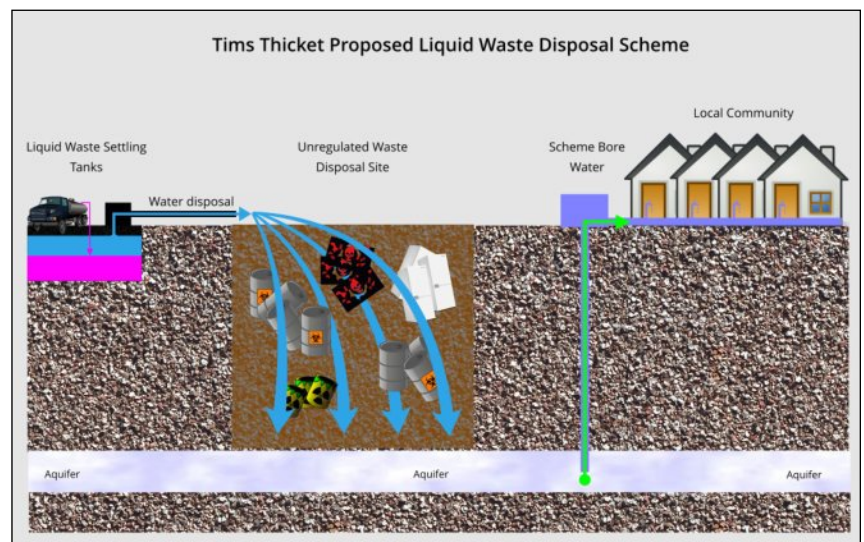

Published by Bouvard Coast Care Group Inc - a local not for profit organisation
